In the reference read above, the Director, Centre for Educational Development of Minorities, Osmania University, Hyderabad has stated that the basic problem of minorities, particularly the Muslims the second biggest majority is educational and economic backwardness. In fact the minorities particularly the Muslims are the victims of poverty as well as illiteracy. At the higher secondary level the percentage of Muslims is less than 25% of their population. The drop out rate of Muslim students keep going up as they move up in the educational level. There representation in services particularly Civil Services and Group I and II Services is very low and unemployment rate is very high. This deteriorating condition of Muslims requires some special attention of the Government.

In order to overcome this problem the Government of Andhra Pradesh has formulated few schemes for socio economic and educational development of minorities and identified Osmania University as Nodal Agency for the Educational Development of Minorities in the State. The agency is a non-residential Coaching centre and also he has requested the Government for establishment of full fledged residential coaching Centre for Minorities for free coaching and free study material as they are required to Minorities for admission seeking entrance examinations and for job seeking examinations. It is found that thousands of Minority candidates desirous of pursuing higher/professional courses have shown interest in, availing the facility of free coaching every year.

3. In the circumstances, reported by the Director, for Centre for Educational Development, Osmania University, Hyderabad, the Government, after careful examination, hereby decide to establish (3) three District level full fledged residential coaching centres for minorities at Kadapa, Nizamabad and Pileru (Chittoor District) for competitive examinations.
